WHAT WE DO

MEDIA ✦ TRAVEL ✦ CONNECTOR

MEDIA
Stories of Europe's festivals and club scenes, told for Indonesian audiences.

TRAVEL
End-to-end trips built around one moment: Dekmantel, Primavera Sound, ADE.

CONNECTOR
Introductions between Indonesian and European promoters, artists and brands.

WHY IT MATTERS

Indonesia's fans already follow Europe's lineups in real time. They don't need persuading. They need a trusted route in.

Since 2023 we've taken Indonesian travellers to ADE five times, plus Primavera Sound.

Sabrina Moelyono

FOUNDER, DAYS ✦ COMMUNITY MANAGER, TRIPO 3000

Sabrina Moelyono works where music, travel and community meet. As founder of DAYS, a Jakarta-based travel media company, Sabrina connects Indonesia's music lovers with Europe's festivals and club culture: telling the stories of those scenes, then taking people there.

As community manager at Tripo 3000, the multi-award-winning partymaker behind Asia KolektifA and Space Trip, Sabrina looks after the crowd, artists and partners that turn a series of parties into a scene.

Between the two, Sabrina sees both sides of the dancefloor: how a local scene is built from the ground up, and how a new generation of Southeast Asian fans crosses continents for the music they love.
